SUMMARY

I am Mohammad Sahil Detail-oriented and analytical **Data Analyst** with hands-on experience in **SQL, Excel, Power BI, Tableau. Skilled** in transforming raw data into actionable insights through dashboards and reports. Eager to apply data storytelling and visualization skills to support business **decision-making.**

EXPERIENCE

Data Analyst Intern

Rows & columns **August 2025 - February 2026, Calicut, India**

- Learned the fundamentals of **Data Analytics** including **Data cleaning**, **Transformation,** and **Visualization** techniques.
- Gained hands-on experience with **Excel**, **Power BI, SQL,** and **TABLEAU** to analyse datasets and generate insights.
- Practiced building **Dashboards** and reports to present findings in a clear, structured format.
- Applied **analytical** thinking to solve **real-world Business** problems using **data-driven decision-making**.
- Gained hands-on experience with **Excel VBA**, **Google sheets** and **Google app script.**

PROJECTS

Automated Fuel Cost Optimization System (Excel VBA)

Rows & Columns • January 2026 - January 2026

- Developed an automated Fuel Cost Management System using **Excel VBA** to streamline data processing and reporting.
- Created **VBA macros** for fuel rate calculation and cost variance analysis to improve accuracy and efficiency.
- Designed structured **data models** and **centralized database**s for organized data management.
- Implemented **data validation**, conditional logic, and error handling to ensure **reliable automation**.

HR Analytics Dashboard (MySQL + PowerBI)

Rows & Columns • November 2025 - November 2025

- Analyzed a workforce of **331,000+** employees, providing a comprehensive organisational overview.
- Identified key diversity gaps with a **59%–41%** gender imbalance.
- Detected an **18%** attrition rate, highlighting major retention challenges.
- Developed an **HR analytics** dashboard that unified complex workforce metrics and improved strategic **decision-making.**

Email Campaign Marketing (Excel + PowerBI)

Rows & Columns • October 2025 - October 2025

- Developed and executed numerous targeted **email campaigns,** increasing open and **click-through rates**.
- Created and optimized automated email workflows to improve customer retention.
- Boosted conversion rates by **1.38%** using personalized workflows and behavioral targeting.
- Improved email **deliverability rates** through best practices.
- Reduced unsubscribe rate by **0.052%** through improved relevance, segmentation, and frequency control.

SKILLS

Technical Skills:	Soft Skills:
Advanced Excel	Communication
